- Adobe Photoshop & GIMP
- Adobe Illustrator & Inkscape
- Figma & Penpot
- Krita
- Kdenlive
- HTML & CSS (Less experience)
- MacOS, Windows, & Linux

Special Skills

I specialize in the following:

- 3D modeling & Texturing
- UI and UX design
- Color grading
- Digital 2D art
- Almost anything related to 3D art

Workplace Experience

I have the following workplace & volunteer experience:

- Soccer Officiating
- Summer Lawn Care Business

Projects

Animated Film

📅 2023 - present

My friends and I are working on a full-length movie, made in Blender. Currently, I am teaching my friends Blender, and doing all the production work (Animation, Modeling, Texturing, etc.).

Desktop Design System

📅 2024 - present

I designed and implemented unique design system for my Linux desktop. which primarily cross-hatching, borders, and contrasting fonts. Because of the cross-hatching, legibility was an issue, but I managed to overcome this dilemma with text shadows, and other techniques.

CBC Art Show

📅 2024, 2025

One of my graphic design projects was recently chosen to compete in the CBC art show. This project was the culmination of careful planning, creativity, and attention to detail, as I worked tirelessly to bring my vision to life.

Education

Three Rivers Homelink

📅 2020 - present

I am a Running Start student, attend Three Rivers Homelink part-time, am a Principal Honor Roll student, have a GPA of 3.9, and expect to graduate in June of 2026.

Key Academic Achievements

- *Maxima cum Lauda* National Latin Exam
- College classes in High School
- Completed 1 year of Geometry in 1 semester.
- Completed a biology class fully online
- Completed a rigorous economics course
- Organizing several music groups

Other Interests

My other hobbies and interests:

- Soccer
- Flight Simulation & Aviation
- Classical Music
- Music: Violin & Piano
- Science & Philosophy
- Dioramas & Airplane models
