Projects

Animated Film

📅 2023 - present

My friends and I are working on a full-length movie, made in Blender. Currently, I am teaching my friends Blender, and doing all the production work (Animation, Modeling, Texturing, etc.).

Hyprland Setup

📅 2024 - present

After switching to Hyprland (a tiling window manager for Linux) in early 2024, I developed a top bar using GTK, Javascript, Typescript, and CSS. To go the extra mile, I created a unique design system for my desktop, which primarily cross-hatching, borders, and contrasting fonts.

Education

Three Rivers HomeLink

📅 2020 - present

I am a Running Start student, attend Three Rivers Homelink part-time, am a Principal Honor Roll student, have a GPA of 3.9, and expect to graduate in June of 2026.

Key Academic Achievements

- *Maxima cum Lauda* from the National Latin Exam
- Completed 1 year of Geometry in 1 semester.
- Completed a biology class fully online
- Organizing several music groups

Strengths

Hard-working

Eye for detail

Motivator & Leader

C++

Embedded Systems

Statistical Analysis

Other Interests

These are some of my other hobbies and interests:

- Soccer
- Flight Simulation & Aviation
- Classical Music
- Music: Violin & Piano
- Science & Philosophy
- Dioramas & Airplane models
